and the RCRA empty container(s) have been sold as 50 pounds of
scrap metal for recycling.

All scrap metal is sent to one of the following scrap metal brokers:

Sol Alman Company
1300 East 9th Street
Little Rock, AR 72202

A. Tenebaum Company, Inc.
P.O. Box 15128 GMF
North Little Rock, AR 72231

Date: 08/14/98

By:

Ken Carls, Vice President

1. Rineco Industries ensures that each container is "empty" by the relevant Resource Conservation and Recovery Act and Hazardous Waste Management Code Regulatory standards prior to processing.
2. Rineco Industries manages residue (ash) from Container Decontamination Unit into waste derived fuel for ultimate destruction through energy recovery at cement kilns.
3. Based on industry estimates of an average of 50 lbs. per 55 gallon steel drum.
4. The scrap metal is typically shredded, bundled or otherwise processed by the scrap metal brokers in a manner to facilitate use by manufacturing facilities as a raw material in their processes.
